MEMORANDUM FOR: Director of Medical Services

FROM : Clifford D. May, Jr.  
Director of Data Processing

SUBJECT : Medical Evaluation for Candidates for DDA  
Overseas Administrative Officer Positions

The three individuals named below have been selected by ODP to compete with candidates from other DDA components for selection to fill Administrative Officer positions overseas. We understand that we can reasonably expect two of our candidates to be selected for TDY or PCS assignments during the summer of 1978. We are attempting to ensure our candidates favorable consideration by scheduling appropriate training and evaluation as early as possible. To that end, I request that they, and their families as may be appropriate, be evaluated medically and that they be given the necessary inoculation series as soon as possible. They will be placed on TDY standby in approximately November 1977.

Clifford D. May, Jr.
